Special Railroad Rates

The leading railroads of the country have announced for 1935-36 especially reduced rates for students from home to college and return, to cover the opening of college, the Christmas and spring vacations, and the commencement period. Students interested should consult local railway agents.

Admission

Students who have not already filed their applications and credentials for admission to the College should do so at once. Registration cannot be made or classification determined unless applications are received before the opening days. The Faculty Committee on Admissions will pass upon all applications and credentials. The necessary blanks may be secured from the office of the Registrar.

Students will not be admitted to the College after Monday, October 7.

Physicians' Certificates

The faculty requires the complete health record of each entering student. In accordance with this provision, each new student must secure from the Registrar's office a health blank to be filled out by the family physician and mailed by him to the Registrar of the College.

Directions for New Students

How to Reach the Campus. Students who come to Washington by train will arrive at the Union Station. In order to reach the Campus, it will be necessary to take a street car to Dupont Circle and to transfer there to a Wesley Heights or American University bus, which leaves Eighteenth Street and Pennsylvania Avenue at fifteen-minute intervals until 8 p. m. and at half-hour intervals from 8 p. m. until 12 a. m. The bus passes the Campus on Nebraska Avenue.

Baggage. The university will deliver trunks for a fee of seventy-five cents, if the baggage checks are left at the office of the Bursar.

Mail and express. Mail and express should be addressed to American University Campus, Massachusetts and Nebraska Avenues, Washington, D. C. All mail will be delivered from the College post office on the lower floor of Hurst Hall.

Books. All textbooks and other supplies may be secured at the Students' Supply Store, on the lower floor of Hurst Hall.

Opening of Dormitories and Dining Room

Rooms in the Women's Residence Hall and in the Men's Dormitory will be ready for occupancy for new students only on Friday, September 13. The first meal for freshmen will be served Friday evening.

The dormitories will be open to other students beginning Monday afternoon, September 16. No former upperclass students will be permitted to occupy their rooms in the dormitories before that time; nor will they be permitted to take meals in the College dining room before dinner on Monday evening, September 16.

Women's Residence Hall. Upon arrival the young women will go to the Residence Hall, where they will receive their room assignments.

Each woman should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Curtains are supplied by the University. Rugs and additional window draperies must be provided by the students who desire them.

Men's Dormitory. The young men who have been assigned rooms in the Men's Dormitory will go to the Bursar's office to secure their room assignments.

Each man should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Rugs and window draperies must be provided by the students who desire them.

Laundry. The University will be responsible for laundering a limited number of sheets, pillow cases, and towels each week. Personal laundry will be looked after by the students themselves.

Board. All students, both men and women, will take their meals in the University dining room on the ground floor of the Women's Residence Hall. The first regular meal to be served will be dinner at 6:15 o'clock on Monday, September 16. The regular hours for meals are as follows: breakfast, 7:30; luncheon, 11:45-12:30; dinner, 6:15. On Saturday, breakfast is served at 8:00 o'clock; luncheon, 12:00-12:30. On Sunday, breakfast from 8:15 to 8:45, dinner at 1:30, and tea at 6:00.

The men will use the north entrance to the dining room.

Personal Belongings

The University does not assume responsibility for any personal belongings left in the dormitories, in other college buildings, or in the lockers.

Examinations for New Students

In accordance with the announcement in the Catalog, all new students in the College are required to take an examination in

English in the assembly room of Hurst Hall, on Friday afternoon, September 13, at 4:00 o'clock. Those who fail in this examination are required to register for English A. A fee of three dollars will be charged for this examination if it is taken at a later date.

All new students are required to take a psychological examination in the assembly room of Hurst Hall on Friday, September 20, at 2:30 p. m. A fee of three dollars will be charged for this examination if it is taken at a later date.

These examinations are part of the admission requirements.

Condition Examinations

Special examinations to remove conditions received in courses during the year 1934-35 may be taken on Monday or Tuesday, September 16-17, at 2:00 p. m. Only one examination may be taken to remove a condition in a given course. A fee of two dollars, payable in advance at the Registrar's office, is charged for each special examination. Students who plan to take special examinations should notify the Registrar not later than September 1.

Opening Exercises and Daily Chapel

All students are required to be present at the opening Chapel on Wednesday morning, September 18, at 9:30 o'clock, in Metropolitan Memorial Church.

Classes will meet regularly according to the printed schedule, beginning Thursday morning at 8:20 o'clock.

Special Regulations

The attention of all students is called to the following special regulations. Students who are not in sympathy with these regulations, and who are not willing to conform to them, should not register in the College.

1. Hazing, of all forms, is strictly forbidden, as is also gambling and the use or possession of alcoholic beverages.

2. Smoking is forbidden on the Campus.

3. Students living on the Campus are not permitted to maintain pleasure automobiles or motor cars. Students living elsewhere may maintain automobiles only by special permission of the Faculty. Each automobile owned or operated by students must be registered in the Bursar's office.

Students living at home are exempt from automobile restrictions except by special action of the Faculty.

Absences

Students are expected to regard as their first duty the satisfactory completion of the studies they undertake. To this end the individual student himself must assume large responsibility. Students who show themselves capable of directing their lives at college, as reflected in scholastic achievement, naturally may expect considerable freedom regarding their program of work. With these ideas in mind the faculty has adopted the following regulations governing absences:

1. Students whose grade index for a given semester is below 4 are required to attend regularly all college classes and laboratory periods for which they have registered; students who attain a grade index of 4 or above for a given semester are allowed unlimited absences during the semester following, except as provided in 3 below. It is definitely understood, however, that the student himself is responsible for completing the work of a course in a way that is entirely satisfactory to the instructor.

2. Each student is allowed two absences each semester from the weekly chapel service. For each unauthorized absence,

one-half credit hour will be added to the requirements for graduation and for promotion to the next academic class.

3. Students absent from classes or laboratories during the day immediately preceding or following a vacation or holiday period will be required to pay a fee of two dollars for each class or laboratory missed. Money thus paid is added to a revolving student loan fund for special needs. Excuses for necessary absence on these days must be presented within ten days following the absence in order to cancel the fine.

4. The operation of the rule on absences may be suspended or modified in individual cases by action of the Faculty Committee on Absences. Prolonged illness certified by a physician, regular trips for athletic contests, debates, etc., and appointment to special working position preceding the Christmas or spring vacation will be considered as legitimate reasons for absence. Permission to be absent from the College on account of athletic trips, debates, etc., must be secured in advance of the absence. Any certificates covering absences must be presented to the Registrar within ten days after the absence.

5. Unless satisfactorily explained at the close of a recitation, a tardiness may be entered on the instructor's record as an absence.

Parents living a short distance from the College are urged not to interfere with the work and progress of the student by encouraging or permitting frequent visits home, especially over week-ends.

Fees and Expenses

The college year is divided into two semesters of eighteen weeks each. *The entire bill for each semester is payable in full in advance.* Students unable to pay the full amount in advance may make payments as follows: one-third in cash at the time of registration; one-third on November 1; one-third on December 1. These deferred payments bear six per cent interest per annum from date of registration. Failure to meet the deferred payments when they are due will automatically cancel registration; *reinstatement will require the additional payment of a two-dollar fee.* Class attendance cards are issued only after the adjustment of the semester bill.

The bill for the first semester of the academic year is due not later than Wednesday of registration week. The bill for the second semester is due not later than February first; second and third payments are due March 1 and April 15.

A fee for late registration is charged if adjustment of bills is made after the dates for initial payments.

Children of clergymen are allowed a credit of \$12.50 each semester toward tuition fees; deaconesses and local preachers who have engaged in religious work are allowed a credit of \$12.50 each semester, provided they definitely intend to continue religious work as a vocation after graduation. For the tuition thus deferred the student signs a promissory note, which becomes payable if another vocation is followed. Two or more children of the same family are each granted a special credit of \$12.50 a semester toward tuition fees. All credit is determined on the basis of full-time work; a student who registers for less than twelve hours receives proportionate credit. These special reductions are not granted to holders of scholarships; they will be doubled if the students board and room in college dormitories; and they will be continued only if the student averages better than C in his college work of each semester.

The following table indicates the regular college charges for each semester:

Tuition for 11 to 17 hours.....	\$125.00

Credits on Tuition

All credits on tuition or other expenses, whether in the form of scholarships, rebates, reductions, or work, *are granted for one semester only and are renewable only if the student lives in complete harmony with the aims and regulations of the College, and if his semester grades average higher than C.*

Registration

Registration for all students for the first semester of the college year 1935-36 will be held in Hurst Hall on Monday and Tuesday, September 16 and 17. Freshmen will register on Monday forenoon; other students, on Monday afternoon and on Tuesday. A student who enters the College after the scheduled dates of registration will pay a fee of three dollars for late registration during the first week of the semester; a fee of five dollars will be charged for late registration after the first week of the semester. Students will not be registered for the first semester after Monday, October 7.

All students will call at the Registrar's Office, Room 101 in Hurst Hall, for registration cards. New students will make out their schedule of classes in consultation with assigned members of the faculty; former students will make out their schedule of classes in consultation with their advisers. In the selection of courses, prescribed and major studies take precedence over all others. (Consult the catalog, page 37.) After all cards are filled out and approved, payment of the term bill must be made in the Bursar's office in Battelle Memorial before registration is complete.

Amount of Work

Students are expected to carry from fourteen to seventeen semester hours each semester of the four-year course. For students who are earning a part of their expenses by employment requiring more than twenty hours a week, twelve semester hours, not including physical education, will be regarded as maximum registration. The consent of the Dean of the College must be secured by students who desire to vary from this schedule. Faculty permission must be secured by unemployed students who desire to register for more than eighteen hours. As a rule, permission to carry more than sixteen hours will be given only to students who have averaged B or better during the previous semester in college. The results of the psychological examination also will be taken into account in determining the number of hours for which a student may register.

Foreign Languages

Students continuing a foreign language in which they have had two years' preparation in high school will register for the

second-year course. If they have had only one year of preparation in language, and desire to continue the subject, they are admitted to the first-year course, but college credit will not be counted towards graduation for the work of the first semester if the first-year preparatory course is used in meeting the entrance requirement.

Freshman Studies

Freshmen should register for 14 to 16 hours of work. Any variation from these limits must be approved in advance by the Dean of the College.

All freshmen must take the following courses:

English 101-102—Freshman English

Religion 101-102—Freshman Bible

Physical Education 101-102.

One course from one of the following groups.

Courses from two groups are recommended:

A. *Foreign Language*—French, German, Spanish, Latin, Greek

B. *Social Science*—economics, history, political science

C. *Natural Science and Mathematics*—biology, chemistry, physics, mathematics

Elective—2-6 hours

The following courses are open to freshmen:

Biology 101-102—General Zoölogy

Chemistry 101-102—General Chemistry

Sophomore Studies

All sophomores are required to take the following courses:

English 201-202—Sophomore English

Physical Education 201-202

One course from one of the following groups.

Courses from two groups are recommended:

A. *Foreign Language*—French, German, Spanish, Latin, Greek

B. *Social Science*—economics, history, political science

C. *Natural Science and Mathematics*—biology, chemistry, physics, mathematics

Electives to make a total of 14 to 16 hours

Junior and Senior Studies

Juniors and seniors should make sure that the studies chosen are in harmony with the requirements for graduation, including prescribed studies and major studies. Juniors are required to take Physical Education 301-302 and twelve hours in courses numbered above 300. Seniors should take, if necessary, four or more courses numbered above 300.

Schedule of Recitations

First Semester, 1935-36

Chapel is held in Metropolitan Memorial Church at 11:00 o'clock on Wednesdays. Attendance is required.

Courses are numbered to indicate their place in the four-year program of studies. As a rule, only courses numbered below 200 (except language courses) are open to freshmen; only those numbered below 300 (except language courses) are open to sophomores; those numbered above 300 are designed for juniors and seniors. Seniors taking courses in the 100 group will receive one hour less credit than those courses normally carry.

The figure in parenthesis following a course number indicates the semester credit given for that course. The College reserves the right to withdraw any course for which fewer than four students have registered.

Courses bearing double numbers, like English 101-102, must be continued through the year.

The hours and days of classes are indicated in the following chart. The periods of recitation are designated by figures 1, 2, 3, 4, etc.
